I-Shift Remanufactured Automated Manual Transmission

- I-Shift Transmission Dyno Video Now Available Online
- Transmission Reman and Exchange Units Now Available
- I-Shift Transmission Parts Now Available

Transmission Electronic Control Unit (TECU)

Clutch Control Actuator

Remanufactured units are sold without the Clutch Control Actuator and (TECU) Transmission Electronic Control Unit. Original or new units must be installed onto replacement transmission. Correct programming and calibration of transmission is vital during installation process to insure successful operation of transmission.

Identification Tag Location:

Each transmission has two identification tags. One on top of clutch housing and the other is on the back of the range housing.
