

# Eliminate Downtime With Our Industry Leading Driveshaft Products and Services

## What Makes ULT Powertrain a Cut Above the Rest

**High Precision Computer Balancer**  
Provides printed report with every unit.

Test Duration = 5 min. 3 sec  
Post-Balance Results  
Head: 0.001" @ 287°  
Tail: 0.001" @ 224°

*Copy of Detailed Balance  
Test Provided with each Unit*

- State-of-the-art computer balancers deliver a high precision balance and quick turnaround.
- Provide a final balance test printout, showing the measured runout in 1/1000th of an inch as a superior quantifiable method of balancing a shaft and measuring vibration. This ensures our products meet or exceed OE tolerances.
- Use only OE quality components from industry leading suppliers to ensure premium performance, dependability, great value and less downtime.
- Specialize in automotive, light to heavy duty truck, off-road, performance, PTO and agricultural applications.
- All drive shafts go through a rigorous inspection process by highly trained and experienced technicians.
- Extensive inventory of Light, Medium and Heavy Duty driveline parts & accessories

**Precision Welding & Straightening Table**  
Straightens to OE specs with perfect welds
