

# Replacement Volvo I-Shift and Mack M-Drive TECU Ribbon Available Exclusively from ULT

**Problem:** Mistakes happen and up until now if you damaged the AMT Cylinder Housing Ribbon to the TECU while transferring the TECU module from the original transmission to the replacement unit, your only solution was to go to the dealer and buy a replacement AMT Cylinder Housing assembly that comes with a new ribbon.

**ULT Solution:** No need to buy a replacement AMT Cylinder Housing assembly. Now you can simply buy the replacement ribbon **available exclusively** from ULT Powertrain.

If you're not comfortable replacing the ribbon yourself, send the AMT Cylinder Housing assembly to us and we'll replace the ribbon for you.

## IMPORTANT TECU REPLACEMENT TIPS:

**Click Here** for complete step-by-step procedures on how to transfer the TECU module from the original Volvo I-Shift or Mack M-Drive transmission.

**CONTACT YOUR ULT POWERTRAIN SPECIALIST FOR MORE DETAILS**

**1** Lift the TECU Control cover from the housing. Be careful not to slide the top cover forward as this may damage the ribbon inside.

**2** Disconnect the ribbon cable before removing it from the control housing.

**REMINDER!** Has Extensive Stock Available & Ready to Ship!
